# CA71/CA39 Series Insulated Proof/Hold Cabinet with Universal Supports

Your best choice for both proofing and holding

- All aluminum construction
- 3/4" concealed foam insulation provides additional energy efficiency and enhanced heat and moisture control
- Furnished with 16 pair (CA71) or 7 pair (CA39) of 5-1/2" removable universal pan supports
- Accommodates a wide range of pans and screens from 17" to 23" wide and up to 26" deep, including 18" x 26" trays and steam table pans
- Includes H-HEAT UNIT-EXT and pan stop to provide even heat distribution throughout cabinet
- Full height unit will accommodate up to 16 full size sheet pans at 3" centers - smaller spacing could accommodate additional pan supports (sold separately).
- Integrated side handles on full size cabinet
- Ambient air temperature may affect heating performance
- Large Plate Series Casters - 6" PU swivel, 2 w/brakes

CA71-PFIN-CD-L\*

Full Door Options:  
(-R) Right hinge is standard,  
(-L) for left hinge\*  
Clear polycarbonate or solid aluminum

## Bottom mount removable heat unit for easy maintenance and repair includes external cabinet controls

Digital thermometer in face of heat unit Temp adjustable to approximately 180°F in Hold for insulated cabinets

Hold provides dry heat only while Proof provides lower temps with humidity

Separate temperature and humidity controls

- 120 volt, 1500 watts, 60 cycle, single phase
- 8-foot power cord
- 3 prong plug
- Dedicated 15 amp circuit required

MODEL #	DOOR STYLE	CENTER SPACING	OUTSIDE DIMENSIONS H x W x D (INCHES)	SHEET PAN CAPACITY	WEIGHT (LBS.)
